Product: This TMD applies to:

- Westpac Low Fee

Effective date: 4 October 2024

Target market class of consumers.

Product description and key attributes.

This is a credit card with a lower or no annual fee that provides access to a revolving credit facility to make payments and perform other transactions.

The key product attributes (including the key eligibility requirements) to acquire this product:

Key product attributes:

- These credit cards provide access to a revolving credit facility for everyday purchases and unplanned expenses;
- The revolving credit facility can be accessed by using the credit card anywhere Mastercard is accepted to do:
 - Card present transactions (including point of sale);
 - Card not present transactions (including online and over the phone);
 - Digital wallet payments (including at point of sale and online);
 - A cash advance and to set up recurring payments.
- A lower annual card fee or no annual fee if customers meet the spend criteria on eligible purchases each year;
- Up to 55 days interest free on purchases (cash advances are not covered by this interest free period);
- Access to Westpac Smartplan to split large purchases or existing balances into regular monthly instalments and repay at a discounted rate over the term of the plan;
- Access to balance transfer by moving balances from one or multiple credit or store cards to a Westpac credit card;
- Spend control options including the ability to limit access to gambling services or apply a temporary block;
- Access to PartPay feature (where available) allowing a customer to split purchases made on the PartPay digital card into 4 interest free repayments (when paid on time), subject to eligibility criteria and terms and conditions.

Key eligibility:

- For personal use;
- An individual aged 18 years or over;
- Meet the credit criteria which includes demonstrating the ability to meet repayment obligations.
- Have an Australian residential address.

Class of consumers.

This product is designed for a class of consumers whose likely needs, objectives and financial situation (as set out below) are aligned with the product and the product's key attributes.

This product is for those who:

- Need a credit card with a lower or no annual fee that provides access to a revolving credit facility to make payments and perform other transactions.

Needs, objectives and financial situation.

This product is designed for consumers who:

- Need a credit card with a lower or no annual fee that provides access to revolving credit to make payments and perform other transactions;
- May want an interest free period on purchases;
- May want to access instalment plans to split credit card repayments into instalments;
- May want to transfer a balance from one or multiple credit or store cards;
- May want access to spending controls;
- Are able to meet repayment obligations.

This product is not designed for consumers who:

- Are seeking a card with a lower purchase interest rate;
- May want to carry a substantial balance over a prolonged period of time;
- Are seeking a card that earns reward points and want access to travel related benefits;
- Have a longer-term or specific borrowing need.

Alignment to target market.

This product is likely to be consistent with the likely objectives, financial situation and needs of the class of consumers in the target market. This is based on an assessment of the key terms, features and attributes of the product and a determination that these are consistent with the identified class of consumers.
